shortlisted for apprenticeship

Approved by AICTE, New Delhi and Affiliated to AKTU, Lucknow,
Board of Technical Education, Lucknow (UP) & CCS University, Meerut (U.P.)

Our Vision

The vision of Maa Saraswati Charitable Trust is to disseminate knowledge to the society at large and students in specific by establishing a chain of reputed institutions through research-oriented education. Such institutions of learning will generate, sustain and promote a positive, innovative and competitive environment to facilitate outstanding technical and managerial skills. Our vision is aimed at nurturing young talents for global challenges.

About The Institute

The Saraswati Institute of Engineering & Technology, Pilkhuwa (Delhi NCR) (SIET) situated at NH-24, Hapur Road is a step put forward by the Maa Saraswati Charitable Trust towards providing quality education in the realm of engineering and management technology in the country. The institute provides value based education at your doorstep. The All India Council for Technical Education (AICTE) has accorded approval to the Institute from academic year 2008-2009 and our institute is affiliated to UPTU Lucknow under code no. 330. Board of Technical Education under the code 1132 and Ch. Charan Singh University under the code 360.

Our Mission

"Maa Saraswati Charitable Trust" has been established with the sole aim of providing quality education in technical field. Most of the members of the trust are reputed and well-established Industrialists, Professionals, Business Tycoons and Retired Govt. Engineers with wide experience in managing education/technical institutions of repute with sound financial status. Members are of the opinion that India has a shortage of good engineering colleges providing quality education. They also have visualized that strength of the country lies in producing hard working, dedicated and disciplined quality engineers. Further there is large section of population in U.P. which is needy and requires upliftment. There is urgent need for producing quality product. Trust's aim is to provide quality education to the needy eligible students. This will only lead to better social harmony and reduce the disparity among the various sections of society. Social disharmony is one of the biggest problems our country is facing. By providing best possible infrastructure, faculty, labs, equipments and other facilities to the students, it will ensure that the students passing out of the college will possess high leadership qualities, well-knit team spirit, discipline and dedication, which is most essential for an engineer. The trust will not leave any stone unturned in achieving the aforesaid objectives. Any economic and industrial activity in the country will add to the extra wealth and welfare of the society. Our mission is to produce a massive workforce of committed professionals with updated skills who can dream a better world and have a vision to transform the dream into a living reality.

Objectives of The Institution

Providing professional education to the students to embrace challenging careers in global environment and providing exposure to:-

- Prevailing technological scenario.
- Demands of technological innovation in the National and Global Industry.
- The conceptual and analytical studies of the technological challenges and their solution.
- Creating a comprehensive understanding of the existing advanced technology in the developed Nations. Inculcating a sense of commitment to their professional and entrepreneurial requirements. Instilling a sense of discipline and integrity.
- Undertaking a project work and cultivating innovative skills for solving operational problems in unexplored territory and gaining excellence in technical education across the country.

SARASWATI INSTITUTE OF ENGINEERING & TECHNOLOGY

Infrastructural Facilities

The Institute has a sprawling campus in 12 acres of land. It is equipped with all the latest and modern amenities for the students and staff to run the college in smooth and harmonious manner. The students feel at home in the friendly atmosphere and can equally enjoy their studies and leisure time comfortably for extracurricular activities.

Central Library

The central library has a collection of 12000 books of both foreign and Indian authors. National and International magazines and journals are also available for the students to enhance their knowledge. The Institute library is centrally air-conditioned and equipped with library management system.

Academic Complex

The academic complex is well equipped and it has fully air-conditioned lecture halls, tutorial rooms, computer centre, library, common rooms and faculty rooms. Laboratories are well equipped with latest apparatus and equipments to fully disseminate knowledge to students.

Hostels

The Institute provides hostel in the campus for boys where, they have spacious and fully furnished air cooled rooms for comfortable stay and studies. Adequate security, telephone connection, internet connection, gym, washing machines and ambulance services are also available for secured homely stay away from home. Excellent mess facilities have been provided on no-profit no-loss basis to the students. Separate girls' hostel facility is also provided in the heart of the city i.e. Ghaziabad.

Transport

A fleet of committed buses are available to provide transport facility to the students from various points at Hapur, Bulandshahr, Noida, Delhi & Ghaziabad to the campus & back to the said points.

The charges for the transport services are nominal as they run under no profit no loss basis. A fleet of buses help the students reach the college on time.

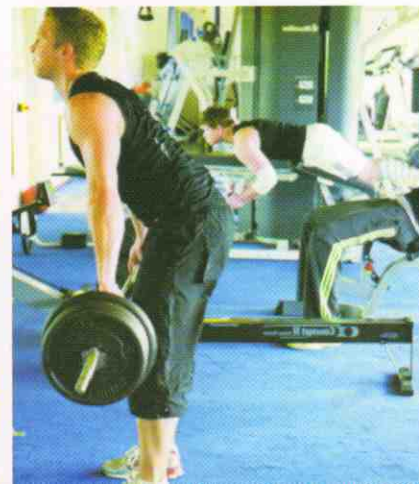

Medical Care

The Institute provides medical facilities to the students through qualified medical practitioner who is on call 24x7. The institute has a regular counsellor for students and faculty. The students are motivated to take to their studies in a more focussed way and to combat the low phases of spirit, if any, effortlessly.

Dress Code

The Institute has its dress code for the students, which is to be strictly followed. Dress code empowers the students with a sense of belongingness and disciplined environment.

Other Facilities

For the convenience of the students the institute provides some general facilities like STD booth, Canteen, Stationery shop, Indoor & outdoor games, Gymnasium etc.
